

NAEMSO at a Glance

National Association of State EMS Officials

RESOURCES

NAEMSO develops and encourages mentoring programs, including our yearly workshop for new state EMS officials:

- Scope of Practice Model
- Educational Standards
- Licensure vs. Certification
- Federal EMS Programs
- Regulation Basics

NATIONAL REPRESENTATION

- Expanded influence on issues of nationwide significance
- Unified voice of state EMS programs
- Advocacy for strong EMS systems on a national level
- Direct interaction with all federal agencies with an EMS related role
- Relationship management with nearly 20 other national EMS-focused associations

EVIDENCE-BASED POLICY

- **REPLICA**
www.emsreplica.org
- **National EMS Model Guidelines**
www.nasemso.org/Projects/ModelEMSClinicalGuidelines
- **SafeAmbulances**
www.safeambulances.org
- **Washington Update**
www.nasemso.org/washingtonupdate/

NETWORKING

- Connect with experienced colleagues online, in-person, and through regions and councils
- Access mailing lists of EMS agencies across the country
- Field focused questions via mini-surveys to your peers

NAEMSO MEMBER BENEFITS

TECHNICAL ASSISTANCE

NAEMSO provides access to in-house subject matter experts.

- Medical direction
- Education and professional standards
- Pediatric emergency care
- Data management
- Trauma systems
- Agency and vehicle licensure
- Rural EMS
- Community paramedicine and mobile integrated healthcare
- Regulatory innovation

 - Domestic Preparedness Funding (2016)
 - Personnel Licensing Policies, Practices and Procedures of State EMS Offices (2015)
 - Military-Specific EMS Licensure Information (2015)

NASEMSO at a Glance

National Association of State EMS Officials

MEMBERSHIP

NASEMSO provides a **structured support system** tailored specifically to state EMS officials' needs. Formed in 1980 by pioneering state EMS directors with adolescent EMS systems, NASEMSO has grown into a **multifaceted non-profit association** benefitting many domains, to include state EMS medical directors; EMS for Children partnership grantees; patient care reporting system managers; trauma system managers; officials with primary responsibility for licensure of EMS personnel; staff with health preparedness duties; and other state EMS officials.

LEADERSHIP

In addition to the **councils** that create a forum to advance the states' priorities and resource needs in these areas, **committees** also exist to address subjects of a more multidisciplinary nature such as rural EMS and EMS education. Recognizing that state EMS system challenges and solutions vary on a geographic basis, NASEMSO also has five **regions** defined in its **bylaws** and these are formally represented on the **Board of Directors**. All of these avenues of interaction and collaboration are available on an on-line (i.e., teleconference) and annual basis. The regions are further encouraged to hold an in-person meeting each fall.

NASEMSO'S MISSION

NASEMSO supports its members in developing EMS policy and oversight, as well as in providing vision, leadership and resources in the development and improvement of state, regional and local EMS and emergency care systems. *View NASEMSO's mission and vision at www.nasemso.org/About*

VISION

A seamless nationwide network of **coordinated and accountable** state, regional and local EMS and emergency care systems. The systems use public health principles, data, and evidence as a basis for safe and effective care in **day-to-day** operations as well as during **catastrophic events**.

STRATEGY

We achieve our mission by the participation of all the states and territories, by being a strong national voice for EMS, an acknowledged **key resource** for EMS information and policy, and a leader in developing and disseminating evidence-based decisions and policy.

CONNECTIVITY

NASEMSO coordinates an **annual meeting** every spring, recurring regional teleconference meetings, and annual regional in-person meetings.
