

You are Invited!

In honor of **EMS Week on EMS for Children Day**, we invite you to participate in the Good Night Lights Providence and East Providence traditions.

If you haven't heard of Good Night Lights, it is a tradition in which local residents, businesses, law enforcement officials and EMS let the kids at Hasbro Children's Hospital know they're thinking of them. Every night, at exactly 8:30 p.m., Good Night Lights community members shine flashlights (and police cars, firetrucks and ambulances turn on their lights) toward the hospital from various locations in downtown Providence. In return, patients in the

hospital flicker their room lights on and off and shine their own flashlights from their windows. It costs nothing other than one minute of time at 8:30 every night to give the children at Hasbro Children's Hospital a good night smile.

We will be celebrating at three locations:

Hot Club	The Overlook	India Point Park
<p>Setting: Join other EMS Official and providers at the river deck of the Hot Club to shine lights and wish the Hasbro Children's Hospital Children a special good night.</p>	<p>Setting: Join a parade of EMS trucks, fire ladders and police to say good night to the children at Hasbro Children's Hospital.</p>	<p>Setting: The Dunkin' Donuts Iced Coffee Day--Good Night Lights campaign. There will be a block party-like celebration at India Point Park from 7-9 featuring the largest group GNL signal thus far. The event will include a brief speaking program, entertainment, games, food and, of course, iced coffee with \$1 donations towards the Hospital. It's a family-friendly event shaping up as a memorably wonderful occasion.</p>
