

National EMSC Committees

Federal EMSC Program

EMSC Partnership for Children Stakeholder Group

State EMSC Manager Representatives: Katrina Altenhofen (Iowa) and Marie Renzi (Delaware)

The EMSC Partnership for Children (PFC) Stakeholder Group is a collaboration of diverse organizations, federal agencies, and EMSC Program grantees convened to improve the emergency medical care of children through the exchange of knowledge, development of partnerships, and provision of input and counsel to the EMSC Program. The EMSC National Resource Center (NRC) coordinates group membership, leads group activities, and plans and convenes the annual stakeholder group meeting and conference calls.

Pediatric Ambulance Equipment List Writing Group

State EMSC Manager Representatives: Katrina Altenhofen (Iowa) and Tom Taylor (Kentucky)

The EMSC Program has developed several performance measures for the Program's State Partnership grantees. One of the performance measures evaluates the availability of essential pediatric equipment and supplies for Basic Life Support and Advanced Life Support patient care units. The NRC is leading an effort among national organizations and EMSC Program grantees to update the pediatric ambulance equipment list that is the basis for this performance measure.

National EMSC Data Analysis and Resource Center (NEDARC)

NEDARC Advisory Board

State EMSC Manager Representatives: Kristin Gurley (Utah), Janet Houston (New Hampshire), Melia Jenkins (Florida) and Kelli Rice (North Dakota)

A volunteer board of individuals from the fields of EMSC, EMS and pediatric emergency medicine that provide feedback to NEDARC staff regarding NEDARC goals and activities

National EMSC Resource Center (NRC)

EMSC Annual Program Meeting Planning Committee

State EMSC Manager Representatives: Bob Heath (Nevada), Sarah House (Kansas) Janet Houston (New Hampshire) and Marie Renzi (Delaware)

The NRC works with the Annual Program Meeting (formerly the Annual Grantee Meeting) Planning Committee to establish the content, including session tracks, speakers, and other activities, for the annual meeting.

EMSC NRC Advisory Committee

State EMSC Manager Representatives: Katrina Altenhofen (Iowa) and Marie Renzi (Delaware)

The EMSC NRC Advisory Committee assists in directing the center's operations and provides advice regarding services that the center can provide to EMSC Program grantees and stakeholders.

EMSC Performance Measures Advisory Committee (PMAC)

State EMSC Manager Representatives: Rachael Alter (Idaho), David Boer (South Dakota), Kristin Lauria Gurley (Utah), Bob Heath (Nevada), Janet Houston (New Hampshire), Melia Jenkins (Florida), MaryLou Loualhati (Guam), Rhonda Phillippi (Tennessee), Marie Renzi (Delaware) and Tomi St. Mars (Arizona)

The Performance Measures Advisory Committee (PMAC) advises the NRC and EMSC Program on the implementation of the current State Partnership performance measures as well as the development of new performance measures. This advisory committee has short and long term goals as follows:

Short term:

- Assist in determining how the current performance measures should be prioritized for implementation in the 2009-2011 state partnership grant year for the 47 grantees submitting competing grants this year.
- Assist in the conceptualization of new or advanced performance measures.

Long term:

- Assist in the development and implementation requirements for performance measures starting in 2011.

Developed 2/2009
