

Trauma Managers Council (TMC) 2015 Workplan

TMC Information

Leadership:

Chair: Sherri Wren (NE)

Chair-Elect: Carole Mays (MD)

Secretary: Ruth Hursman (ND)

Immediate Past Chair: Rob Seesholtz (TN)

Meetings:

Steering Committee:

Type: Conference Call

Frequency: Every other month

Time/Length: 11:00 a.m. eastern / 1 hour

Full Council:

Type: In-Person

Frequency: Mid-Year & Annual

Time/Length: varies

Regional Representatives

East:

Tim Erskine (OH) Primary

Rich Wisniewski (SC) Alternate

North Central:

Marty Link (SD) Primary

Chris Ballard (MN) Alternate

West:

Julie Rabeau (AK) Primary

Alyssa Sexton (MT) Alternate

South Central:

Joe Martin (AR) Primary

Renee Morgan (GA) Alternate

Staff Liaisons:

Kathy Robinson and Michelle Savoie

Mission, Vision, Scope

Mission

To promote the advancement of statewide trauma systems through the development of state trauma system leadership and infrastructure.

Vision

To be a national leader in developing and maintaining a fully-integrated and functioning trauma system that assures universal access to high-quality trauma care in all states and territories.

National Association of State EMS Officials

Scope

To provide a forum for communication, interaction and networking among peers, other national organizations, and federal agencies with similar missions. This forum allows for the sharing of best practices; developing and encouraging mentoring programs; the joint resolution of obstacles and challenges; and the nationwide promotion of evidence-based decision making.

Task List

GOALS/TASKS	RESPONSIBLE PARTY(IES)	TARGET COMPLETION DATE	BUDGET NEEDS
<p>GOAL 1: Coalition Building and Community Support: Coalition building is a continuous process of cultivation and maintaining relationships with constituents (interested citizens) in a state or region who agree to collaborate on injury control and trauma system development. Key constituents include health professionals, trauma center administrators, prehospital care providers, data experts, consumers, policy makers, and media representatives. The involvement of these constituents is important for trauma system development, regionalization: promotion collaboration rather than competition between trauma centers and system integration.</p>			
<p>Task 1 – Develop a list of coalition members and identify organizations representing special populations (for example, children and people who are elderly, need rehabilitation, or are disabled).</p>	<p>Alyssa Sexton, Jane Guerrero, Rob Seesholtz, Sherri Wren, Tim Erskine</p>		
<p>Task 2 – Identify different methods of collaboration or communication between constituents and the Trauma Program Council for the purpose sharing information, partnership development, sharing resources, strategic planning or future system integration.</p>	<p>Alyssa Sexton, Jane Guerrero, Rob Seesholtz, Sherri Wren, Tim Erskine</p>		
<p>Task 3 – Identify methods and share methods of communication that Trauma Program Managers may share with constituencies, i.e., (interested citizens) for the purpose of trauma system education, e.g., newsletters, activity reports, updates or media messages.</p>	<p>Alyssa Sexton, Jane Guerrero, Rob Seesholtz, Sherri Wren, Tim Erskine</p>		
<p>GOAL 2: Develop a 5 year and 10 year Trauma Council Strategic Plan.</p>			
<p>Task 4 – Trauma Executive Committee and Steering Committee begin discussion of identifying priorities for a 5 and 10 year Trauma Council Strategic Plan.</p>	<p>Executive and Steering Committee</p>		
<p>Task 5 – Discuss and develop draft at 2015 and 2016 mid-year and annual meeting.</p>	<p>Executive and Steering Committee</p>		
<p>GOAL 3: Systems Integration and Interdisciplinary Collaboration – regional variances in access to appropriate trauma care, statistical characteristics of a population, and availability of resources all impact health care costs and quality patient outcomes yet trauma managers are routinely confronted to define the value of “trauma input” within components of the</p>
