Implementation of the EMS Education Agenda

Implementation Timeline Now Available!!

(January 4, 2010 - Falls Church, VA) Because implementation of the EMS Education Agenda will require a multifaceted, multidisciplinary approach by a variety of EMS stakeholders, the National Association of State EMS Officials (NASEMSO) has created a new “Implementation Timeline” document to illustrate the complexities of implementing the *Education Agenda*. It represents several milestones for implementation and identifies EMS stakeholders that have expressed an interest in participating in a range of implementation activities with a time-oriented goal for achieving them. This chart does not represent an exclusive list and additional objectives will be added as they are identified. Individual states retain the authority to determine their level of participation.

For more information, please contact NASEMSO Program Manager Kathy Robinson (robinson@nasemso.org.)
