| Discussion                                                                                                                |          | Some good work occurred in the last year but some priorities have not moved forward.  1. Leadership Strategic Priorities:  a. Mentoring toolkit is continuing to be populated, will go live soon b. Rob encouraged regional reps to engage membership more deliberately with regional calls and mentorship. Rob is in contact with new managers to welcome them to the council/NASESMO and plug them into their regional rep.  c. Educational webinars were still felt to be important as they come available for the entire council  d. The JOC really did not take off due to a number of circumstances. NASEMSO and the council still feel that this is of importance and will be reconvened with scaled down membership as there are many collaborative projects between the council and ACS that are of benefit to both organizations.  e. Continue to explore mid-year webinar for those that are unable to attend meeting.  2. System Development Strategies:  a. Stressed how the deliverable needs to be realistic and the new priority will reflect this under this strategy.  b. Sharing of best practice and the identification of strategies to encourage system development will be the focus. |                    |  |

## **NASEMSO Trauma Program Manager Council**

## **Steering Committee Meeting**

Oct. 3<sup>rd</sup>, 2013

| Discussion on Strategic Plan Continued:                                                                                     | dashboard of possib<br>b. Promotion of PI mea<br>systems<br>c.
