Subject	Discussion
<p>CP Insights Forum Kevin McGinnis / Gary Wingrove</p>	<p>Pursuant to some discussion at our last meeting, Kevin and Gary have been working setting up a forum for persons and organizations interested in development of community paramedicine in the U.S.</p> <ul style="list-style-type: none"> - This forum would be an opportunity to meet by voice, listerv and/or webex - An initial planning meeting was held last week - Decided to have continuing sessions the 3rd Monday of the month at 3:00 p.m. Eastern time - Invitations would be to NASEMSO and NOSORH members as well as other interested persons - Meeting format will be 90 minutes; 45-minutes for education and remaining time for Q&A and other discussions - Will be held just before IRCP calls, so interested persons can take advantage of both discussions on the same day if they wish - A follow up planning meeting is scheduled for January 20th - First forum session is scheduled for February 21st, a discussion about the Eagle CO program - Second forum session is scheduled for March 21st, a discussion of the statewide CP meeting that Nebraska conducted <p>Discussion: Should this continue as a JCREC sponsored activity? Should not require a significant financial or time committee of NASEMSO/NOSORH. If connected to the JCREC workplan, the NASEMSO WebEx could be utilized as needed.</p> <p>Discussion: Does the JCREC have any concerns or objections to this forum being co-sponsored by CLIR (Center for Leadership, Innovation & Research) http://clirems.org/ The is a connection between the Center's activities and interests and CP and CLIR can offer some support to the JCREC for this forum, include WebEx and recording of meetings. May also be able to help figure out planning for a CP summit at some point.</p> <p>Action Item: JimD will send out an email to the JCREC voting members to make sure there's support for including the CP Insights Forum as a JCREC activity and partnering with CLIR.</p>
<p>Leadership Education Project</p>	<p>A 2010 activity that we didn't get done, this should be a high priority on this year's workplan. Stephanie has summarized the results for the survey to date. It's been some time since the first survey and there are states that have not responded yet.</p> <p>Action Item: JimD and Stephanie coordinate on distribution of a memo explaining the survey and requesting updated or completed survey information from all states and territories. The current results will be sent so that states that have already completed the survey can easily review and only update their information as appropriate.</p>

CP Discussion Paper	Just a reminder that the CP discussion paper has been approved by both NASEMSO and NOSORH and is available for distribution. All NASEMSO members will soon receive a copy through the listserv.
JCREC Google Site	Currently, Google Groups allows for not only discussions, but it has been a tool to create pages and park documents. Google is changing groups to a discussion only tool and they are encouraging the pages and documents stuff be moved to Google Sites. JimD provided a demo of the new JCREC Google Site. All members on the Google Group will have access to this site. We will continue to use the jcrec@groups.google.com address for email, but documents and other functionality will be parked at the https://sites.google.com/site/jcrecweb/ location and viewable to members.
