

NAEMSO Trauma Managers Council

Does your state charge a specific fee for designation? Not for reimbursement of site reviewers but just for the administrative costs associated with your time (and others) related to their designation. If so can you please share how much that fee is?

Follow-up: If they are ACS verified, does your state still charge that designation fee?

Listserv Question: September 15, 2016

State	Charge?	Amount	ACS?
AK	No fees for state designation		No difference
