

Agency & Vehicle Licensure (AVL) Committee

January 27, 2017 Meeting

Call to Order, Welcome, Introductions

Review and Approval of October 26, 2016 Meeting Record

Sue Prentiss submitted meeting notes for review they have been placed on the NASEMSO web site

Comments AVL Committee Workplan 2017

Chairman Berg had asked all members of the AVL Committee to review the 2015 Workplan and prepare for a discussion. The only comment was to add "Inspections" to "Task 3".

NFPA 1917: Chairman Mike Berg attended the "Version 3" revision of 1917, in Kansas City in October. Over 110 public comments have been received and each one reviewed as part of the process. Chairman Berg is chair Chapter 6 on the Patient Compartment.

Standard adoption comments: Paul Philips reported that Kentucky has adopted GVS 1.0.

Model Inspection Process Presentation: Jason Rhodes, State EMS Director from Rhode Island presented on the process of developing and implementing Ambulance Service Licensure and Inspection Manual. The inspection subcommittee had come across this document during their work and wanted to present this as a model to consider by the committee. Discussion followed. The group discussed using the mid-year meeting as a work session on the inspection process.

SafeAbulances.org: Jay provided the following report in writing:

"that while the NIST project period has ended, we are still interested in building

the FAQ section and hearing from users about what would be most helpful. We also added an option for users to subscribe to updates – just use the “Contact” button on the top banner.

I am also working with GSA, NFPA, and GVS on an update of the comparison table.

Next Meeting: Thursday February 23, 2017, noon. A go-to-meeting invitation will be sent to committee members.
