New Business

- NEMSIS Annual Meeting (discussed under Partner Reports)

Partner Reports

NHTSA Office of EMS

- Julianne reported on behalf of Eric Chaney who was out of country including the 3.3.4 sunset extension as March 2021 while 3.4.0 will remain at January 2023. Letters to this effect as well as a new timeline are available on the NEMSIS and NASEMSO website.
- Seeks feedback on ET3 in particular the destination codes.

NEMSIS TAC

- Julianne provided a summary of the NEMSIS annual meeting including the strategy to segregate vendors and data managers for a portion of the event. They seek feedback from attendees and want more data managers to attend next year.
- The V3 Cube is open and ready for data managers to login. NEMSIS staff are available to facilitate assistance and they plan to offer training in the near future.
- Release of the 2018 Public Research Dataset is coming soon; they are working through final decisions at the TAC and the volume of data is large.
- ICD-10-CM Rollups and their non-mandatory applicability were discussed with little comment. The suggested lists are available for review and comment
- Chip (NH) asked if anyone else had seen variance in the NEMSIS data quality report.
