

NASEMSO DMC EMS DATA SUBMISSION REQUIREMENTS

State	F	L	Required deadlines for data submission to state?	If yes, what are they (quarterly, daily, etc.)?	How is this enforced (statute, policy, etc.)?	Is the requirement successful?	Additional Information
AZ	Rogelio	Martinez	only 1 agency (largest) required to submit	within 30 days of incident date	QA Statute & Quarterly meetings for users	Hard to define*	*Think our agencies submit to registry because they are understanding the value of data. We do have to spend many hours reinforcing this need to agencies throughout the state but our recruitment of agencies has increased since our EMS registry started.
CO	Steve	Boylls	yes	quarterly within 60 days of end of quarter*	Statute/Rule**	yes	* Agencies shall provide the data to the Department at least quarterly based on a calendar year or on a schedule submitted to and approved by the Department. The quarterly download must be submitted to the Department within 60 days of the end of the quarter (i.e., data for EMS responses occurring in January through March must be submitted by June 1). The data may be submitted more frequently than quarterly. **linking to eligibility to apply for EMS grants
CT	Jean	Speck	no	n/a	n/a	n/a	
DE	Diane	Hainsworth	yes*	realtime	Policy & Protocol Administrative Rule (§9705 - Office of EMS - Functions (k))	somewhat	*Without exception, a PCR must be completed and submitted to the receiving facility before a paramedic goes off duty. The Electronic Patient Care Report System Quality Assurance Audit Screen will be set to flag all charts printed more than four (4) hours after patient arrival at the receiving facility
ID	John	Cramer	Yes	quarterly	Administrative Rule*	unknown but fines are likely more realistic & compelling	*ability to fine agencies for non-compliance (also looking into attaching submission compliance to eligibility to apply for state grant funding)

State	F	L	Required deadlines for data submission to state?	If yes, what are they (quarterly, daily, etc.)?	How is this enforced (statute, policy, etc.)?	Is the requirement successful?	Additional Information
<i>IL</i>	Dan	Lee	yes	quarterly or more frequently	Statute and further described in Administrative Rule*	~50% **	*In theory, the Illinois Department of Public Health, has the ability to work toward pulling the non-compliant agency's license to do business in our state for failing to report. In practice, this has never been attempted. ** Estimatoin. Think we would be more successful if we had intermediate enforcement tools, such as fines and suspensions. Pulling a license for non-reporting is viewed as too drastic, especially if the agency is otherwise in compliance with the law.
<i>IN</i>	Katie	Gatz	yes	Monthly, 15 th of the month following incident	proposed rule	n/a at this time	
<i>IA</i>	Terry	Smith	yes	quarterly	statute*	Fairly successful	*part of onsite license renewal inspection
<i>KS</i>	Joe	Moreland	no	n/a	n/a	n/a	
<i>ME</i>	John	Powers	yes	daily	statute	yes	
<i>MA</i>	Ridgely	Ficks	yes	every two weeks	policy*	n/a at this time	*It's a policy, no enforcement. Starting a pilot QI program: 1 hospital does the QI for about 8 services and they will start using MATRIS rather than having the service send in CD's. This will lead to more timely submission. Essentially their QI process will drive it. The state requires all ambulance services to have a QI process that is defined with the affiliate medical director. It will be interesting to see how this works and if it catches on across the state.

State	F	L	Required deadlines for data submission to state?	If yes, what are they (quarterly, daily, etc.)?	How is this enforced (statute, policy, etc.)?	Is the requirement successful?	Additional Information
<i>MN</i>	Robert	Norlen	yes	monthly*	Statute**	100%	<p>*Policy established that ambulance run reports must be entered into MNSTAR within 30 days from the date of the ambulance call for direct data entry. If the ambulance provider is uploading multiple reports at a time (e.g., data from a [3rd party electronic EMS data collection software] billing program or a CAD system) the service must upload the prior month's data by the 15th of the following month.</p> <p>**Statute section 144E.123 sub.1: Collection & Maintenance. A licensee shall collect & provide pre-hospital care data to the board in a manner prescribed by the board. At a minimum, the data must include items identified by the board that are part of the National Uniform EMS Data Set. A licensee shall maintain pre-hospital care data for every response. --This policy is in accordance with the aforementioned statute that allows the Board to determine the manner in which the data will be provided. Enforcement done through correction orders & fines in accordance with MN Statute.</p>
<i>MT</i>	Shari	Graham	yes	Quarterly	Statute	~75% compliance	
<i>NM</i>	Stuart	Castle	yes	within 30 days of event	policy	~60% compliance	
<i>OH</i>	Sue	Morris	yes	Quarterly	statute*	partially	*grant funding withheld
<i>OK</i>	Martin	Lansdale	yes	monthly (due the last day of the following month)	regulatory requirement of EMS licensure*	100%	*can be fined \$100/day for refusal to submit

State	F	L	Required deadlines for data submission to state?	If yes, what are they (quarterly, daily, etc.)?	How is this enforced (statute, policy, etc.)?	Is the requirement successful?	Additional Information
<i>PA</i>	Bob	Cooney	yes	(1) monthly to region (2) within 15 days to state	statute (Act 37)*	yes	*gives authority to impose fines to services and providers per event as well as revocation authority (which has been carried out). Written into regs in approval process.
<i>SD</i>	Robert	Keys	Yes	monthly	Law*	70% - working to increase	*violation is a misdemeanor. Suspension or revocation of license (BUT no ability/authority to carry out enforcement)
<i>TN</i>	Gary	Shirley	Yes	within 30 days of incident	Administrative Rules and Regulation	not currently*	*State EMS Director lacks the necessary reports to determine which services are complying/not complying with the requirement.
<i>UT</i>	Sharilyn	Hunsaker	Yes	within 30 days of EOM in which incident occurred	Administrative Rule*	98% (35% within 72 hrs)	*allows for the assessment of a penalty for non-compliance; however, rather than assessing said penalty, grant funds provided by statute are withheld for non-compliance.
<i>VT</i>	Jenna	Protzko	yes	within one business day of incident (soon to be within 24 hours of incident)	State EMS Rule	mostly, based on service outreach	
<i>VA</i>	Paul	Sharpe	yes	within 30 days of event (many submit real-time, daily, weekly)	tied to grant funding	99%	
<i>WA</i>	Kathy	Schmitt	no	n/a	n/a	n/a	
<i>WI</i>	Charles	Happel	Yes	within 7 days of incident	no enforcement	continuing to work on compliance
