Joshua Legler – NEMSIS

Clay Mann – NEMSIS

Yolanda Baker - HRSA

Approval of Minutes

September Fall meeting minutes were discussed. Approved version had been uploaded to Basecamp. Additional copies were sent during the meeting to Rachel for filing.

Elections

- Lindsay reviewed the results of the recent election. Gary Shirley (TN) is the South Region Representative and Drew Chandler (KY) is the Alternate.

Spring Meeting

- Lindsay requested topics for the Spring Meeting. A few were suggested during the meeting any additional topics can be sent to her for inclusion.
- NASEMSO noted that they will most likely be asking our committee at the Spring Meeting to consider relaxing the State field so data from that field can be shared with researchers. This field is currently protected. So if possible address it locally to see if this may be an option. Discussion followed.

Coverdell/Stroke Data Needs

- Melissa brought up some of the data being requested by these groups and may be beneficial to include. Several volunteered to be part of the working group.

V3 Implementation Survey

- Karen asked to please consider participating in the survey. It helps to identify the current status of the v3 database.

Data Manifestos

- NAEMT statement was discussed
- NHTSA Beyond Data report was discussed. As there were people that had not yet read the document, it was decided to defer a recommendation, etc. until a later date.

Other Business

- No other business was forthcoming.

Adjournment

- There being no further business, the call concluded.
- The next DMC meeting will be Tuesday, February 21, 2016 @ 2:30 EST
- Meeting Record respectfully submitted by Secretary Chuck Happel
