Good morning everyone,

As part of one of the discussions we had in Baltimore, that being the one on increasing representation of certain groups or organizations on the NFPA TC responsible for NFPA 1917, I wanted to make the group aware of the deadline to submit an application to be considered for membership at the October 2013 Standards Council meeting. The deadline to submit an application is August 12, 2013. You can apply anytime to be on a technical committee, it is just that the Standards Council only meets three times a year to act on applications and the next opportunity for applications to be acted on is in October. I have attached an application to this email or you can visit [www.nfpa.org/1917](http://www.nfpa.org/1917) and select the "Technical Committee" tab to apply online.

Also, if anyone has any contact information for any other organizations or people they think would be interested in applying to the committee I ask they you email me their contact information so that I can reach out to them. If you have any questions or need any further information please don't hesitate to contact me.

Thank you.
