

NASEMSO Model EMS Clinical Guidelines Project

**December 14, 2015
1:00 PM EST**

Work Group Meeting

Meeting Record

Attending: Carol Cunningham, Doug Kupas, Joe Nelson, Matthew Sholl, Harry Sibold, Susan McHenry, Mary Hedges

Call to Order and Roll Call – Dr. Cunningham called the meeting to order at 1:04 PM. She explained this meeting was called in order to update the cardiovascular guidelines per the 2015 AHA Guidelines.

Incorporation of 2015 American Heart Association CPR/ECC Updates – The members on the call reviewed the suggested edits on the resuscitation guidelines submitted by Jim Suozzi. Mary took notes of the discussion and will distribute the document with the group's recommendations.

EMS Compass and Assessment of the Performance Measure Development Process – Carol thanked everyone who recently participated in the EMS Compass teleconferences with Nick Nudell and Bob Bass, and especially those who submitted suggestions for the stroke performance measure to make the measure more clinically applicable. There will be four more measures they will be examining and for which they will seek this group's suggestions.

Next Meeting (via teleconference) – **January 11, 1 PM EST** (2 days before MDC meeting, San Diego)
