**Question 5**  
**Please tell us what you liked or did not like about the Hexagon event.**

TYPE RESPONSES  
Free respons 40

I liked the constrained time and organized but brief presentations

I like the idea. I feel some of the attendees and presenters were confused on the format and expectations.

There was a lot going on

you had to sit through presentations instead of 1:1;; Had to be present to win a prize at the end
