PROGRAM FOCUS AREAS

At a glance

Disaster Preparedness

- The Ohio Pediatric Disaster Preparedness Coalition has recently developed a pediatric burn surge plan, and continues to work on issues related to family reunification and pediatric transportation needs

Education & Training

- The Ohio EMS for Children Program developed a workshop for pre-hospital providers to introduce the Pediatric Emergency Care Coordinator concept.
 - Five workshops were held in Fall 2017, with several more planned for 2018.

Injury Prevention

- The Ohio EMS for Children Program and Nationwide Children's Hospital recently developed an online training for pre-hospital providers on child maltreatment.
 - This training is available on the Ohio Department of Public Safety's Training Campus.
